Location:	University Center South Registration Lab
Contact:	Anne Skuce
Free/Busy:	busy
Description:	<p>Continuing students can join us for Registration Day. We'll have experts on hand to help returning freshman, sophomores, juniors, and seniors register for fall classes. Whether you forgot to register, have a hold on your account, have a question about financial aid, or aren't sure which classes you need, we can help you take care of it. This is not an advising appointment, but you can always meet with your advisor after you register. Don't wait until classes are full.</p>
